Dear sir,

I am sending these three samples for your inspection, and of which No 1. & No 2 are 2. gold coins of very ancient date very rare and in excellent condition, these coins are Greek found in "Cyrenaica" and are more than two thousand years old. No 3 is a gold ring in very good condition it is also of Greek origin, found in "Syracuse" and is of the same date as the coins.

I warrant you that they are genuine.

Now sir you will be so kind to see if they are suitable articles for you! I have already a good offer for them but first I wish to know what you will pay for them.

I hope sir you will be so kind as to answer me as soon as possible

DearcSirt

Your letter of January 14th addressed to the Metropolitan Museum of Art has been referred to us for reply.

We have no interest in the ring, of which you sent the impression; and we have specimens of both of the gold coins and do not, therefore, wish to make you an offer for them.

We should be very glad to have you send impressions of other rare Greek coins, however, which may come into your possession at any future date.

Very truly yours,

Secretary
